Olli Hauenstein - the famous swiss artist is first-prize-winner at the "Clown Planet International" in Riga and the "Clown Festival" in Copenhagen, studied in Roma with Roy Bosier (pantomime) and in Budapest at the National Theatre- and Circus-Academy of Hungary (acting, pantomime, acrobatics, music, dance) and at the National Puppet Theatre of Budapest.

He initiated his career as a comedian and clown together with his partner Illi Holiday as the duo "Illi & Olli" > www.illi.info . They soon were internationally noted and acted also at the Swiss National Circus "Knie" and the German Circus "Roncalli". Since 1991 Olli Hauenstein presents his one-man shows "Piano & Forte" and "fool-position". He plays them worldwide at international theatre festivals and his tours go through Europe, from Riga to Palermo, from Vienna to Barcelona. He worked with "Piano & Forte" for Cirque du Soleil in Montreal and at the EXPO09 in Zaragoza.

He is comedian, actor, teacher and director. To his artistic work belong also show-directing, teaching theatre classes and business seminars, as well special shows for events and happenings. Extraordinary are his unconventional theatre-creations with mentally handicapped actors: www.comedyexpress.ch
He lives as a freelance artist with his family in the Swiss pleasant village Sommeri.
